

Drawing sheet · Reproductive Systems and Pregnancy

The drawing frames from your pre-work, on a page of their own. Draw on it on a tablet, or print it and draw by hand. Either way, draw from memory first, then open your notes and correct yourself in a second color.

Module 4 · 4 of 5

Bring this to class

Mini visual sheet

Each frame tells you what to draw in it and what to label. Do them with your notes closed, then open your notes and correct yourself in a second color. Draw straight onto this sheet. If a frame is too small for your handwriting, draw that one in your notebook instead and write the frame number at the top of the page so you can find it again.

The testis, from tunic to tubule

HUB

Put the main structure in the middle of the frame. Draw everything that belongs to it around the outside, label each one, and run a line from each back to the middle.

The path of sperm, tubule to the outside

CHAIN

Draw the steps left to right with an arrow between each one. Label every step, and on each arrow write what happens to get to the next.

A sperm cell

HUB

Put the main structure in the middle of the frame. Draw everything that belongs to it around the outside, label each one, and run a line from each back to the middle.

The three accessory glands

GRID

Draw a grid. List the things being compared down the left side, write the features you are comparing them on across the top, and fill in every box.

The ovary in section

HUB

Put the main structure in the middle of the frame. Draw everything that belongs to it around the outside, label each one, and run a line from each back to the middle.

From ovulation to implantation

CHAIN

Draw the steps left to right with an arrow between each one. Label every step, and on each arrow write what happens to get to the next.

14-7

The three layers of the uterine wall

LADDER

Draw the levels in order down the frame, the first one at the top. Label each level and write one line saying how it differs from the level above it.

14-8

The temporary structures of pregnancy

GRID

Draw a grid. List the things being compared down the left side, write the features you are comparing them on across the top, and fill in every box.
