

Workbook: The Brain

Week 7 workbook • BIO 004 Human Anatomy • Dr. Sharilyn Rennie • Solano Community College

A comprehensive workbook on the gross anatomy of the brain: the major regions, the cerebrum, the diencephalon, the cerebellum, the ventricles, and the blood supply.

How to use this workbook: Read each question carefully and write your answer in the space provided. Work without looking up the answer first. Once you have written your answer, check it against the online workbook by clicking *Reveal* on that question. Star or circle anything you missed and come back to it later in the week.
